

DIAMOND CUT GOLD SERIES

All **Diamond Cut Gold Series** steaks are exclusively sourced from Australia's richest grazing lands as seasons allow. In doing so we ensure **Diamond Cut Gold Series** delivers to you, our guest, the very highest quality meat exclusively sourced to our specifications each time you dine.

Under our Diamond Cut Gold Series banner our steaks are labelled **Prime** or **Choice**.

The **Prime steaks** are minimum **100 day grain fed** to produce extra marbling which slowly melts and bastes the meat throughout the cooking process providing maximum tenderness for that famous OBJ's eating experience.

Our **Choice steaks** are **Grass fed** and free range, giving the meat a cleaner, leaner flavour... a taste sensation!

The Premier Cattle regions of Australia are:

The Gippsland Region

Gippsland beef is sourced and processed in Australia's most prized beef producing region Gippsland; in Southern Victoria. Recognised for its rich pastures, clean air and water. Gippsland is the ideal breeding ground for fine British bred cattle. Gippsland fresh beef is also natural beef - free from hormonal growth promotants and tested free from antibiotics.

The Darling Downs Region

Situated in Southern QLD along the NSW border, recognised for its rich green rolling hills and beautiful landscape. The Darling Downs is home to the ideal breeding grounds for Hereford / Angus cross Beef.

The Murray Region

Runs along the SA/VIC Border, The Murray Region is an exemplary breeding ground for the Hereford / Angus Cross Cattle. This region is rich with green pasture on the edge of the Murray River.

The Hunter Valley

The wonderful Hunter Valley is not only the home to stunning wines, but also the region to succulent pasture fed and Hereford / Angus cross Cattle.

Yeah! Now that's a Great Steak!

At Outback Jacks you can select your own cut of meat from our chilled display cabinet from where it is then cooked by our chefs for all to view on an open char grill.

You also might wish to taste **Certified Diamond Cut Wagyu** - this high marble score brand ensures its tenderness and flavour, definitely one for the steak connoisseur.

Oh Yeah! Don't forget our FAMOUS 8 hour slow cooked Full Bone Rack of Ribs!!!

Degrees of Doneness

The Degree of Doneness is the reference to the internal temperature of a cooked steak.

A rare steak will be very moist with warm juices, soft to touch when pressed, the internal colour of the meat will be very red from edge to edge.

A medium rare steak will be pink from edge to edge with a red centre, moist with warmer juices. Cook on one side until moisture is just visible on top surface. Cook on other side until surface moisture is visible, steak will be soft and springy when pressed.

A medium steak will be pink from internal edge to edge and centre, juices will be slightly clear pink. Cook on one side until moisture is pooling on top surface. Cook on second side until moisture is visible, steak will be firm and springy when pressed.

A medium well steak will be a light grey internal colour, with a pink centre. Cook on one side until moisture is pooling on top surface. Turn and cook until moisture is pooling on top it will be firm to touch and with clear juices.

A well done steak will be grey internally from edge to edge, dry of juices. Cook on one side until moisture is pooling on top surface. Turn and cook until moisture is pooling on top. Continue cooking till steak is very firm to touch when pressed.

For well done steaks, where possible, depending on the cut of meat, we recommend butter-flying the steak to speed up the cooking process and therefore, not dry out the meat too much.
